DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of claims 1-11 in Paper No. 8/15/2003 is acknowledged.

Specification

2. The disclosure is objected to because of the following informalities: "(d) an additive of the formula (as disclosed in [0006, 0007, 0013 and 0032]) wherein R¹ is a carboxyl group and R² is a phosphono group lacks an example of a such a compound having the said formula.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 1, 3-11, and 25-33 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. "(d) an additive of the formula (as

specified in claim 1) wherein R¹ is a carboxyl group and R² is a phosphono group" is not supported by the reference. The Specification has failed to disclose an example of a compound having the said formula where R¹ is a carboxyl group and R² is a phosphono group.

Response to Arguments

5. Applicant's arguments with respect to claims 1, 3-11, and 25-33 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
